

MTA + Partners

Architecture & Interior design

About us

MTA + Partners borned in 2008 by an idea of Francesco Maria Palumbo.

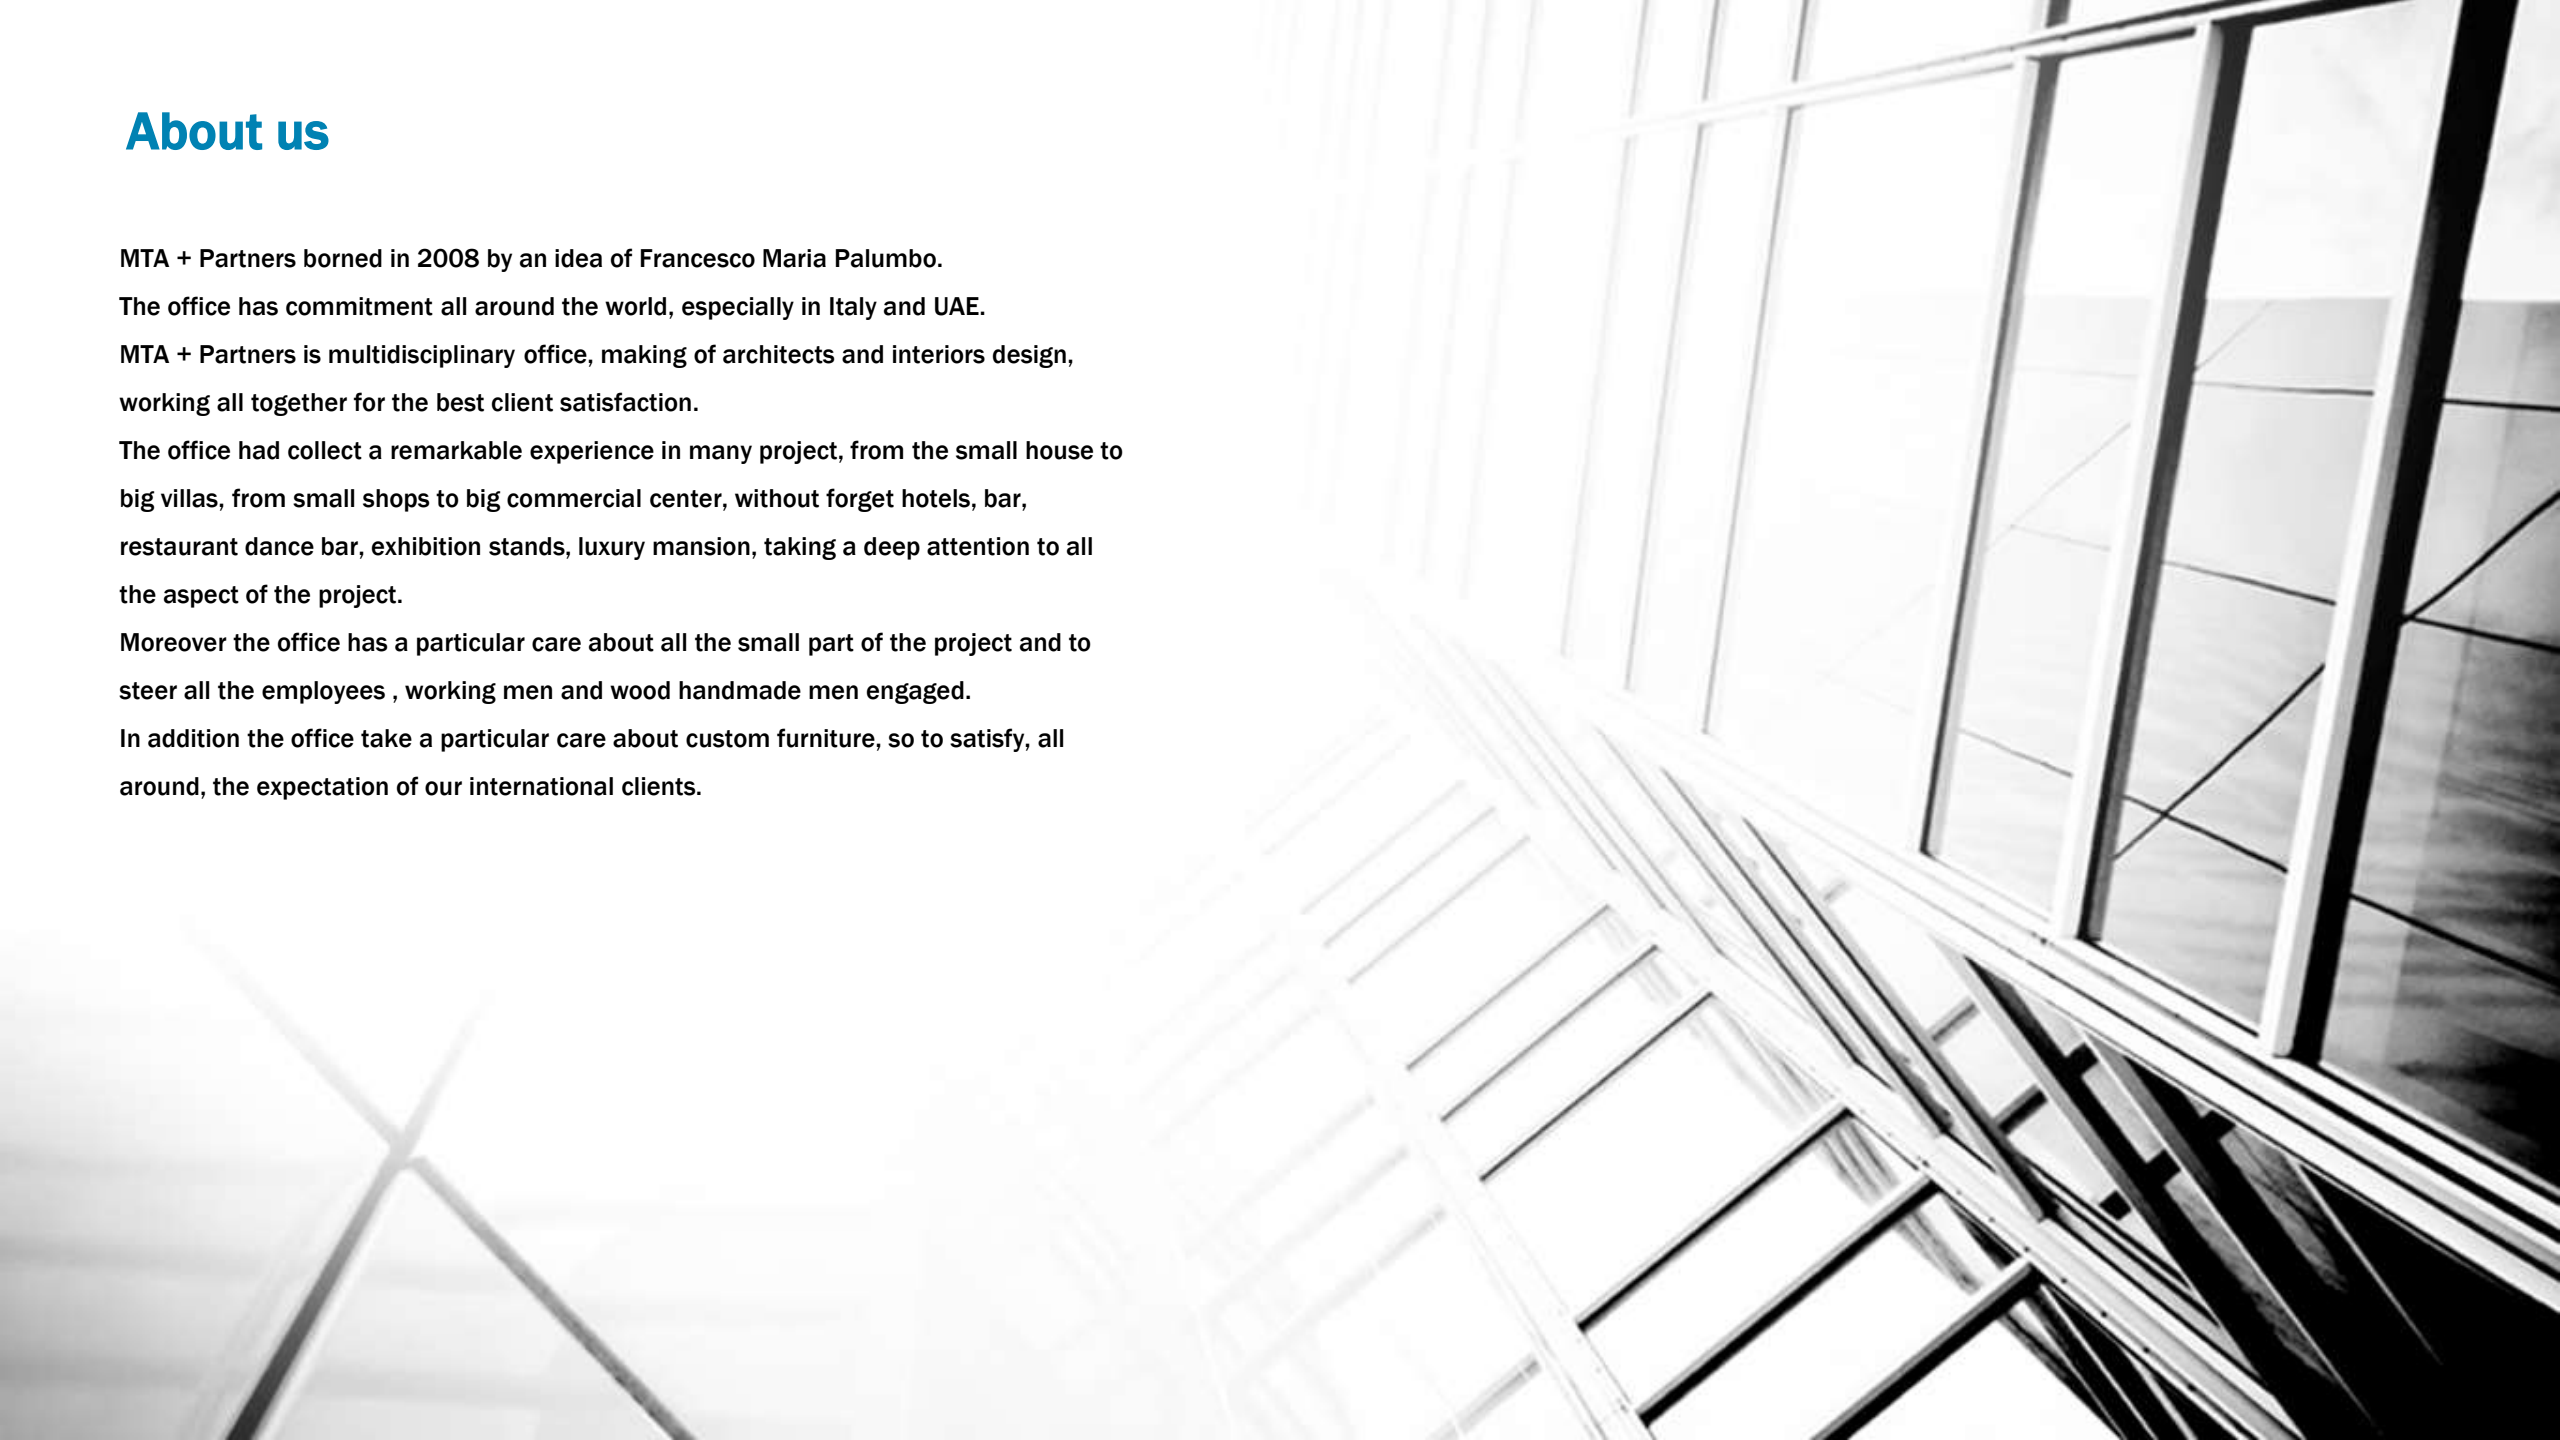

The office has commitment all around the world, especially in Italy and UAE.

MTA + Partners is multidisciplinary office, making of architects and interiors design, working all together for the best client satisfaction.

The office had collect a remarkable experience in many project, from the small house to big villas, from small shops to big commercial center, without forget hotels, bar, restaurant dance bar, exhibition stands, luxury mansion, taking a deep attention to all the aspect of the project.

Moreover the office has a particular care about all the small part of the project and to steer all the employees , working men and wood handmade men engaged.

In addition the office take a particular care about custom furniture, so to satisfy, all around, the expectation of our international clients.

The team

Francesco Maria Palumbo

Architect, founder and Chairman

Francesco Maria Palumbo is the Founder and the Chairman of MTA + Partners. After graduating from Naples University School of Architecture in the 1992, he won a fellowship to L.U.A.P.T. (Laboratory Urbanist and Architecture Planning Territorial) to Naples University, where he gained a Master's Degree in Architecture. In 1992 he moved to Rome to work at Studio Valle, for three years, as Junior Architect.

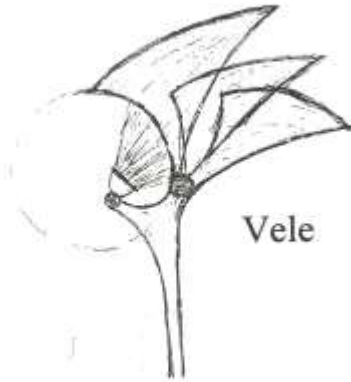

Guido Sica

Architect and interior designer

"Planning is a great responsibility of housing space", this is the basic way of thinking of Architect Sica. Every project represent the opportunity for making use of the deep passion of contemporary art, fashion, industrial design, with a sartorial approach, typical of Italian style.
